

How to sell energy storage containers in Colombia

Can you sell a container online?

Here,online sales can be quite complicated. Delivery usually costs a flat rate per mile. Therefore,you'll either have to work in a calculator with a cost-per-mile delivery fee and a maximum delivery radius or you can't allow online sales unless the buyer comes to pick their container up in person.

Are container-selling companies a safe investment?

In fact,with global supply issues and increases in demand for container homes and other non-commercial use,demand for shipping containers is only going up. That means container-selling companies are a safe investment,providing you invest in marketing and sales. Here is the process for selling shipping containers:

How do I start a container selling business?

Here is the process for selling shipping containers: Starting a container-selling business can be a lot more complicated than it sounds. That's often because there are dozens of ways you could structure your business. The first step to starting a business should be to do market research. This research should answer questions like:

Do storage containers need a lot to store?

Storage containers require a physical lot to store. In some cases,your storage won't be convenient to also sell from. However,if you can set up a business location with a lot that customers can easily visit,offering in-person sales can be beneficial as well. Here,you'll have to consider accessibility.

How do you promote a container business?

You can use Google AdWords to show your containers to people looking for containers in your area. You can invest in content marketing and search engine optimization. Alternatively,you can also invest in banners,flyers,and magazine placement at relevant events. Even showing up at events can be considered marketing.

What information do you need to start a container business?

You'll need this kind of information to decide how much you can spend,what your profit margin is,and if demand for containers is high enough in your area to warrant starting a business. In addition,if you want funding from a bank,you'll need a business plan detailing these answers.
