

Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta,located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion(EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backupas it charts its green energy path. In neighbouring Bulgaria, a massive 124MW/496MWh battery energy storage system went live in Lovech earlier this year.

What is Hungary's energy storage goal?

The ministry said that Hungary has set its 2030 energy storage goal at 1 GWin the updated National Energy and Climate Plan. Home » News » Electricity » Hungary awards EUR 158 million for 440 MW of energy storage

How much solar power does Hungary have?

State secretary for energy transition of the Energy Ministry Viktor Horvath noted that Hungary had built more than 8,000MWof solar capacity in the past 5-6 years and one-quarter of the electricity generated in the country came from renewable sources last year.

MET Group has switched on Hungary's largest battery, a 40 MW/80 MWh system, at the site of a power station near Budapest.

Accordingly, the Hungarian Government intends to build energy storage facilities in Hungary with a total capacity of around 500-600 MW by 2026, which could increase to 1 GW by 2030.

Hungary switches on its largest battery energy storage system at Dunamenti gas power plant to support grid flexibility near Budapest.

MET Group put into operation a battery electricity storage plant with total nominal power output of 40 MW and storage capacity of 80 MWh (2-hour cycle), Hungary's largest ...

European energy company MET Group has inaugurated its 40-megawatt battery storage system in Százhalombatta, Hungary, indicating a strong push toward renewable ...

Battery storage is increasingly seen as a cornerstone of the energy transition, offering grid stability and flexibility as renewables surge. The new facility features 48 battery ...

Met Duna Energiatároló, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 MW / 80 MWh battery storage at the ...

Met Duna Energiatároló, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 ...

The Hungarian Ministry of Energy has announced that around 50 grid-scale energy storage projects with a cumulative capacity of 440 MW have received subsidy support through ...

The 2-hour battery energy storage system (BESS) is the largest in Hungary, Switzerland-headquartered MET Group said, deployed at its Dunamenti thermal power plant in ...

EASE is glad to support the Hungarian Battery Days, taking place on 6-7 November 2025 in Budapest and Debrecen, Hungary.

Hungary"s largest standalone battery energy storage system has been inaugurated in Százhalombatta. With a 40 MW output and 80 MWh capacity, the new unit by MET Group ...

The Hungarian Battery Week conference - the most important annual meeting point for the stakeholders of the battery and e-mobility industry of Central and Eastern Europe ...

With the latest system coming online on 19 June, MET Group and Dunamenti Power Station are stepping up their support for Hungary's shift to ...

Hungarian state-owned energy company MVM Balance has ordered a 4.35MWh 750kW sodium-sulphur battery from NGK for a grid storage demonstration project. Due to be ...

Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago. They ...

The Hungarian battery value chain in the context of the EU Clean Industrial Deal Green energy solutions for the battery value chain R+D+I and technology ...

MET Group inaugurates Hungary"s largest battery energy storage facility Baar (Switzerland), 19 June 2025 - Hungary"s largest operating standalone battery energy storage ...

Hungarian state-owned energy company MVM Balance has ordered a 4.35MWh 750kW sodium-sulphur battery from NGK for a grid ...

National Economy Minister Márton Nagy met with executives of battery recycling companies Gotion High Tech, CNGR Advanced Material, Ganzhou Teng Yuan Cobalt, Hithium ...

With its ongoing investments in BESS projects across Europe, such as the recent acquisition of the French battery storage operator and developer Comax in 2024, MET Group ...

State-of-the-art battery storage has great development potential in both areas all over the world. Hungary's industrial, R& D traditions and capabilities are ...

The Hungarian Ministry of Energy has announced that around 50 grid-scale energy storage projects with a cumulative capacity of 440 MW have ...

The scheme aims at enhancing the flexibility of the Hungarian electricity system by supporting storage investments to facilitate the smooth integration of high-capacity of variable ...

Swiss-based energy company MET Group today inaugurated a battery energy storage system (BESS) in Hungary with a nominal capacity of 40 MW/80 MWh, touted as the ...

With the latest system coming online on 19 June, MET Group and Dunamenti Power Station are stepping up their support for Hungary's shift to cleaner energy. Large ...

Met Duna Energiatároló, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated 40MW battery storage at the Dunamenti ...
