

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development ...

Even though Nepal's installed capacity has been expanding, there can be no energy security without having a mix of storage and pumped storage projects together with the ...

According to Business Directory of Nepal, only 13 industry-level cold storage facilities exist in Nepal. None of these facilities have implemented ...

The developed tool is expected to efficiently maximize the utilization of renewable energy, leading to a notable decrease in energy wastage. The integration of advanced energy ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Hopefully, new energy entrepreneurs, private hydro developers as well as critical academics can contribute to realising that policy shift is much ...

As Nepal embarks on the continued expansion of its hydroelectric capacity, the imperative of integrating advanced energy storage systems becomes increasingly evident for ...

Design, Engineering, Supply, Construction, Installation, Testing, Commission-ing and Operation & Maintenance support of (AC) Solar PV Power Plants with Battery Energy Storage System at ...

As Nepal embarks on the continued expansion of its hydroelectric capacity, the imperative of integrating advanced energy storage systems ...

Using official projections for growth in electricity demand as well as generation and transmission capacity, we analyzed multiple scenarios of energy storage buildout in Nepal by adding an ...

Lack of energy storage solutions to address intermittency in RTS. Limited knowledge of RTS benefits and incentives among the general population. Inadequate dissemination of ...

We are a professional energy information platform in Nepal, providing information on energy products, bidding, projects, domestic and international markets and exhibitions. We assist ...

Abstract Nepal's energy sector is at a critical juncture, driven by the need for sustainability, energy security,

and economic growth. This research examines Nepal's energy policies and strategies ...

Nepal aspires to leverage international partnerships, attract investments, and foster innovation to develop a green hydrogen ecosystem that supports economic growth and environmental ...

Take Nepal's first solar-storage PPA signed last week - a 25-year deal guaranteeing 14% IRR through monsoon/winter price arbitrage. As Asian Development Bank's energy lead Priya ...

The global energy race has evolved. It is no longer just about generating power--solar panels and wind turbines have made renewable energy abundant. The real ...

Mordor Intelligence expert advisors identify the Top 5 Europe Energy Storage companies and the other top companies based on 2024 market position. Get access to the business profiles of top ...

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...

The document covers the principles of electricity, methods of generation, and factors influencing energy efficiency in Nepal, including the impact of tariffs. It provides an overview of electrical ...

12th March 2025, Kathmandu Huawei Digital Power Nepal, in collaboration with the Confederation of Nepalese Industries (CNI), organized a dialogue on solar photovoltaic (PV) and energy ...

According to Business Directory of Nepal, only 13 industry-level cold storage facilities exist in Nepal. None of these facilities have implemented the use of phase change ...

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to ...

The IBN has been preparing two large solar energy projects: a grid-connected solar project in Kohalpur and Banganga (250 MWp with 40 MW storage), and a grid- connected project with ...

Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

Nepcool is a Cold Storage Manufacturer & Supplier in Nepal. We Provide cold storage rooms & transport refrigeration for your temperature-sensitive needs.
