

Outdoor power supply is easy to carry

What is the best portable power supply for camping?

Doing away with bulky, fuel powered generators, the EcoFlow River is a smarter way to power up outdoors. Rugged and efficient, this portable power supply was made for camping. Designed with a built-in handle, the River is easy to transport and can be charged via car port, wall outlet, or solar power.

What should I consider when buying a portable power station?

The most important thing to consider when shopping for a portable power station is the amount of power and battery capacity you need. The price range for portable power stations can range from a fairly inexpensive product to a large-sized investment.

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

How much power does a portable power station need?

For portable power stations, capacity is measured in watt-hours (Wh), telling you how much energy the unit stores. Weekend adventures typically need 200-300Wh for smartphone charging and LED lighting. Glamping and campground camping with amenities require 500-700Wh units to power fans, portable coolers, and CPAP machines.

What are the best portable power chargers for camping?

The best portable power chargers for camping have ample power, several charging ports, multiple charging options, and are durable enough for the outdoors while being comfortable enough to carry with one hand. The Jackery Explorer 240 checks all those boxes.

Do portable power stations need a wall outlet?

Portable power stations typically come equipped with lithium-ion batteries that hold a significant amount of stored electrical energy. Most power stations plug directly into a standard electrical outlet, but many models don't require access to a wall outlet.
