What is a modular solar system?

Its modular design facilitates easy integration and scalable configurations, making it perfect for any type of situation, from home usage to corporate environments with extensive energy requirements. Compact and efficient, it's the perfect solution for those seeking a stylish and practical solar energy solution.

Why should you buy a pool pump in Portugal?

The Sun shines for free, and here in Portugal it shines a lot. Why not using something that is for free, and even can reduce your electricity bill? You can save 100% money on e.g. your swimming pool pump. A pool pump runs in the summer months average 10 hours a day. This is +/- 3 EUR a day. That is 90 EUR a month.
