

# Solar panel prices in France

How much does it cost to install solar panels in France?

However, as a rule of thumb, the French energy management agency 'ADEME' considers the cost to be EUR3,000 to EUR4,500 per kilowatt of power created. As most domestic installations generate around 3k/W of power, this means the cost of the panels themselves is EUR9,000 to EUR13,000. For 6 k/W of power expect to pay EUR16,000 to EUR19,000

Are solar panels a good investment in France?

As electricity prices continue to soar in France - up 60% in four years - more people are turning towards solar panel kits, which promise to help users save on energy costs and installation prices. The estimated extra cost of electricity in 2024, compared to 2020, is EUR540 per household per year.

Can you sell solar panels in France?

In France, it is possible to sell the electricity produced by your solar panels to EDF or another energy supplier. The feed-in price depends on the power of your installation and the conditions of the contract. The average lifespan of solar panels is around 25 years.

What is the VAT rate for solar panels in France?

A reduced VAT rate of 10% instead of the standard 20% applies to solar panel installations in France. This measure is available for residential properties used as primary homes. Many regions in France offer additional subsidies for solar panel installations. These initiatives can significantly lower initial costs.

How to choose a solar installation in France?

To maximize the production of your solar installation, it is essential to choose the orientation and inclination of your panels carefully. In France, the ideal orientation is due south, with an inclination of approximately 30 to 35 degrees from the horizontal.

Are there grants for solar panels in France?

There are also grants available for energy conservation (but not photovoltaic solar panels) as part of the home improvement grant regime 'MaPrimeR&#233;nov' run by Anah, the housing renewal agency, but these are means-tested. How much does it Cost to install Solar Panels in France?
