

What are the options for replacing base station power supplies

What are the components of a base station CB system?

Remember, the longer the CB antenna, the more potential range that you will have. The basic components for a Base Station CB System include a CB radio, power supply (if you are using a mobile CB radio instead of a base station CB radio), coax, and an antenna.

Which base station Radio will plug directly into my wall outlet?

We have selected the Galaxy DX2547 first, as this is the only base station radio that we offer that will plug directly into your wall outlet. You can choose to get a mobile CB radio, like the DX959B, but will require an additional power supply.

Do you have a warranty claim on a base station power cord?

Six months ago we put in a Warranty Claim on a base station power cable that went bad. For a \$1000 VR headset, you'd think that a simple, inexpensive warranty claim for a power cord would be the easiest customer service win on the planet. Decided to just order the power adapter and extension cable from Amazon. Thanks Valve. So I'm not the only one

What is a base station & how does it work?

A base station is generally a radio system that is set up in a fixed location such as house or building. Since a fixed location allows one to install a much taller antenna than an antenna on a vehicle, you can get significantly more potential range. Remember, the longer the CB antenna, the more potential range that you will have.

How do I find a good power supply?

Searching for a power supply? Choose from our ample selection of quality DC power supplies from popular, name brand manufacturers to amply handle the load! Ordered and had them tune Gmrs antenna and working great. Highly recommend Fine, very satisfied, but the real test will be the speed of delivery. Products clearly detailed and easy to find.

What size base station antenna do I Need?

Here are some of our base station antenna recommendations: PROTON99 - 18 Foot Antenna PATRIOT - 12 Foot Antenna SATURN - 39 Inch Antenna If you are looking for an indoor base station antenna, check out the IBA5. Please note that this will not perform as well as an outdoor base station antenna. Always remember to tune your CB antenna!
